**Subject:** HSA president nomination and voting

Dear Colleagues,

I am writing to you regarding the nomination of the HSA President for the term ahead.

I have nominated Dr Herman Jeggels for the position of President and would like you to consider him for this position.

There are a number of reasons that I think he would be suitable for this role in the Homeopathic community of South Africa and I will endeavour to highlight a few.

- Dr Jeggels' passion for the excellent practice of Homeopathy is his greatest driving force.
- His desire to provide the best care for each and every patient is central to his methodology.
- He has a long standing history of involvement with Homeopathy in South Africa, together with medical exposure both locally and abroad.
- He has the ability to see "both sides of the fence" in the challenges we face for Homeopathic medicine in South Africa in light of South African Healthcare on the whole.
- His experience in both public and private practice of medicine is invaluable in making decisions regarding both components of the profession moving forward.
- He has a vast array of experience in dealing with the 'medical mindset' towards Homeopathy and will be able to provide much needed insight into the challenges associated with growing Homeopathy in South Africa.
- He has been involved in the training & CPD provision – significant aspects in the practice and longevity of our profession.
- He has written, published and presented in the field of Homeopathy and contributed significantly to the profession through these efforts.

Having had a brief opportunity to work with Dr Jeggels, I have seen that his ability to tackle an issue head on, while keeping his focus aligned with the priorities of Homeopathic medicine in South Africa have great value in the challenges facing our profession today.

For more information about Dr Jeggels, please see his website: [www.jeggels.com](http://www.jeggels.com)

Your thoughts on this matter will also be appreciated and I look forward to seeing what lies ahead.

Yours in Homeopathy,

Benjamin
